

LATEST NEWS END of MARCH 2022

Here you see **some of our Orphans** who could not attend schools as they were **short of school materials and clothes**. A Rubatano volunteer is busy handing out school materials, ready for them to go to school. These Orphans are living alone, have no parents, and are looking after one another. **Note: the condition of their house after the storms!**

Some cyclone-damaged Orphan & Widows' homes have been **temporarily repaired**, made water-tight and ready for the approaching cold winter season, with only specially-donated funds:

BEFORE:

AFTER REPAIRS: plastic sheet+wooden strips, & mud floors:

Some brick homes are rebuilt (below)
(often with a mud cement)

Carlos, visiting a widow+her kids:

Blankets for the soon-arriving winter cold given to Orphans & Vulnerable Children:

Food support for the poorest Widows & Orphan families: [NOTE: prices in Moz are sky-rocketing & many harvests of maize have been bad, so it is much worse than in the West !]

The Nhamatanda Pre-School, one of our three Pre-Schools [all are now open] & all kids are enjoying a happy lunch-time time together: [NOTE: A trained teacher is in charge of all classes]

Teacher at her desk below:

Much and much love from us all,

Carlos & the Rubatano team.
