

LATEST NEWS MAY 2022

The Cutting & Sewing group: these girls are now busy finishing their course of how to learn a dressmaking skill, which can help them win the struggle against poverty in their future families.

HIV/Aids homes, damaged by the two cyclones: they were broken down.....now have been fixed up:
Here are two homes of HIV/Aids patients: both parents are very ill. Their children are also being helped.

You can see (**on the right**) how a Rubatano Volunteer (just off the picture) has come to check on her re-built home, and ensure she has enough maize,etc., and that is attending the Government HIV/Aids clinics.

The Three new Pre-Schools are going well:

The children having their lunch break, with their teacher supervising:

This workshop was given by “MULAIID”: an Organization that does work to empowers women, by working on the prevention of Women and Children being violated. This particular workshop was about practicing good models for making reports, and so on. Carlos (here on the right, and then squatting down) was presenting the work to everyone who was present.

The Savings Group: meeting regularly to discuss their savings project.

We send our greetings to you all, Carlos and the Rubatano Team of Volunteers.
