

RUBATANO LATEST NEWS, OCTOBER 2022 in: www.rubatanocare.org

Here are some of the many needy families we visit:

- [1st.] A man whose wife died, he is very ill; his house is in bad condition for the December rains; his children need school fees, food & clothes; and in June a thief got in & took their only blanket ! A Volunteer brings food aid & family care.
- [2nd.] Another very sick man, who has children, Visited by our Rubatano Church Volunteer, & bringing some food aid.

Below is the borehole that brought big problems, there was not enough water for the number of people in the community. Because of that, we had to drill another new well. Then we gave it back to the community to enjoy fresh and safe water !

Rubatano Volunteers demonstrating how to do better Gardens, in order for the community to adopt a good model of planting their vegetables. But maize production fell badly, & this was the second planting, which discouraged the farmers.

Rubatano Fish Tanks and **Chicken Sheds** : this produce is used to feed the needy orphan families. We have harvested some large fish, as you can see below. We would like to renovate the water tank and maybe cover it, because we have had four attacks by birds taking fish from the water tanks, both night & daytime.

Associacao Rubatano was born in 22nd October 2002 !

So on 22 October 2022 we celebrated being 20 Years old!

We gathered all the members to come together and celebrate in the Rubatano property in Gondola. For you who are far away, please pray together with us.

With our love in Jesus, Carlos + the Rubatano Team.
