

RUBATANO LATEST NEWS, up to early APRIL 2023

Many homes were flooded during recent heavy rains during cyclone Freddie, which mainly caused devastation to the north in Zambezia province, and in neighbouring Malawi.

We are trying to help in our own local areas, and we meet to pray & discuss action to be taken.....

and we pray together with Rubatano Volunteers.

Pre-Schools make excellent progress, supervised by their teachers

Sewing activities: 24 girls graduated, this took place in Gondola on December 22nd. Rubatano was blessed with a gift for 9 new sewing machines for them to use for income-generating activities, they will work in groups of 2 or 3 girls to one machine. In Gondola Care Centre 3 sewing machines, and Amatongas & Nhamatanda Centres 3 machines in each.

Rubatano fields produced very poor crops, due to cyclone Freddy. So we have given help to hungry orphan families.

May the Lord bless you all, and thank you!

Carlos and the Rubatano Team of Volunteers.
